- 5. How do we share, transfer, and publicly disclose your personal information**
- 6. Your rights**
- 7. How do we deal with the personal information of minors**
- 8. How to update this privacy policy**
- 9. How to contact us**

1. How do we collect your personal information

During your use of the cast screen treasure service, we will collect the information that you proactively provide when you use the service or generated as a result of using the service in the following ways:

(1) Personal information we actively collect and use

•Guarantee the normal operation of the screencast software and related services

When you use cast screen treasure and related services, in order to ensure the normal operation of software and services, we will collect your hardware model, operating system version number, international mobile equipment identification number (IMEI), network device hardware address (MAC), IP address, software version number, network access method and type, operation log and other information. Please understand that this information is the basic information we must collect to provide services and ensure the normal operation of our products.

• Information uploaded or provided when you use the service

When you use the cast screen treasure service to store content and feedback services, we will collect various information based on the actual situation,

such as the information about your stored files. We will use this information to meet your requirements, provide related products or services, or achieve anti-fraud purposes.

- **Camera function**

When you use the shooting function, you need to authorize us to obtain access to the camera, and we will use this permission to scan the QR code of the device. If you do not agree to the authorization, you will not be able to use the above functions.

- **Microphone function**

When you need to use the microphone function, you need to authorize us to obtain your microphone device, and we will use this permission to record the voice of your screencasting user. If you do not agree to the authorization, you will not be able to use the above functions.

- **Storage function**

When you need to use the album function, you need to authorize us to obtain your album storage access permission, and we will use this permission to read or save your picture book or play video.

- **Summary of device permission calls**

In order to facilitate you to further clarify that the permission call of this software involves your personal information, we will summarize the call situation as follows. You can choose to turn off some or all permissions in the device's settings.

Authority name	Permission function description	Use scenario or purpose
Privacy-camera	Request to access the device's camera for device QR code scanning	Used for device QR code scanning
Privacy-microphone	Request access to the device's microphone for voice recording during projection	Used for voice recording during projection
Privacy-Album Storage	Request access to your photo album for reading or saving your picture book or playing video	Used to save your picture book or play video

- **Ensure the safety of products, services and users**

In order to help us better understand the operation of cast screen treasure and related services in order to ensure the safety of operation and provision of services, we will record network log information, as well as the frequency of software and related services, crash data, overall installation, and usage , Performance data and other information.

(2) Processing of changes in the purpose of collecting and using personal information

Please understand that with the development of our business, there may be adjustments and changes to the functions and services provided by the cast screen treasure. In principle, when a new function or service is related to an old function and other scenarios, the personal information collected and used will be directly or reasonably related to the original processing purpose. In scenarios that are not directly or reasonably related to the original purpose,

we will collect and use your personal information, and we will notify you again and obtain your consent.

(3) Personal information that is legally exempt from the collection and use of consent

Please understand that in the following situations, in accordance with laws and regulations and/or relevant national standards, we do not need your authorization to collect and use your personal information:

- It is directly related to national security and national defense security;
- It is directly related to public safety, public health, and major public interests;
- Directly related to criminal investigation, prosecution, trial, and execution of judgments;
- It is difficult to obtain the consent of the individual in order to protect the life, property and other major legal rights of the personal information subject or other individuals;
- Your personal information collected is disclosed to the public by yourself;
- Collect your personal information from legally publicly disclosed information, such as legal news reports, government information disclosure and other channels;
- Necessary to sign and perform the contract according to your requirements;
- Necessary for maintaining the safe and stable operation of software and related services, such as detecting and disposing of malfunctions of software and related services;
- Other circumstances stipulated by laws and regulations.

Special attention, if the information cannot identify your personal identity alone or in combination with other information, it does not belong to your personal information in the legal sense; when your information can identify your personal identity alone or in combination with other information, we will not be able to. When the data associated with any specific personal information is used in combination with other personal information of you, during the combined use, this information will be treated and protected as your personal information in accordance with this privacy policy.

2. How we use your personal information

We strictly abide by laws and regulations and agreements with users, and use the collected information for the following purposes. If we use your information beyond the following purposes, we will explain to you again and obtain your consent.

- During the period we provide you with this software service, we will collect and use your relevant personal information in accordance with this privacy policy and your separate authorization. When you cancel the service or cancel your authorization, we will stop collecting and using your relevant personal information. Personal information, but we will continue to use your personal information previously collected in accordance with laws and regulations and the requirements of the state's competent authorities for auditing, and the state's competent authorities for investigation.
- In order to prevent risks and ensure the stability and security of the service, we will use your information for identity verification, security prevention, fraud monitoring, fraud investigation, prevention or prohibition of illegal activities, and reducing risks.
- Your personal information will only be used within the territory of the

People's Republic of China (excluding Hong Kong, Macau Special Administrative Region and Taiwan) and will not be transferred to overseas use. If it is necessary to provide it overseas due to business needs, the security assessment will be conducted in accordance with the methods formulated by the national cybersecurity and informatization department and relevant departments; unless otherwise provided by laws, regulations and competent state agencies.

- Use your personal information for other purposes permitted by law.

3.the use of cookies and similar technologies

Cookies and similar technologies are common and commonly used technologies on the Internet. When you use cast screen treasure and related services, we may use related technologies to send one or more cookies or anonymous identifiers to your device to collect and store the information when you visit and use this product. We will set up authentication and security cookies or anonymous identifiers to ensure the safe and efficient operation of products and services, help us improve service efficiency, and increase login and response speed.

4. How do we store and protect your personal information

(1) How do we store your personal information

• Where the information is stored

We will store the collected user personal information in China or the country/region where the user is located in accordance with laws and regulations.

• Duration of information storage

Generally speaking, we only keep your personal information for the time necessary to achieve the purpose, such as the email address you filled in when you gave your feedback.

(2) How do we protect your personal information

- We attach great importance to the security of your personal information, and will strive to take reasonable security measures (including technical and management aspects) to protect your personal information and prevent the personal information you provide from being used improperly or unauthorised. Access, public disclosure, use, modification, damage, loss or leakage.

- We will protect your personal information with reasonable and feasible means such as encryption technology and anonymization that are not inferior to the industry peers, and use security protection mechanisms to prevent your personal information from being maliciously attacked.

- We will establish a dedicated security department, security management system, and data security process to ensure the security of your personal information. We adopt a strict data use and access system to ensure that only authorized personnel can access your personal information, and conduct security audits on data and technology in a timely manner.

- Although the above reasonable and effective measures have been taken and the standards required by relevant laws and regulations have been complied with, please understand that due to technical limitations and various malicious methods that may exist, in the Internet industry, even if you do your best to strengthen security Measures, it is impossible to always guarantee the security of information 100%, we will do our best to ensure the security of the personal information you provide to us. Please be aware and understand that the system and communication network you use to access our services may

have problems due to factors beyond our control. Therefore, we strongly recommend that you take active measures to protect the security of your personal information.

- We will formulate emergency response plans, and immediately activate emergency plans when user information security incidents occur, and strive to prevent the impact and consequences of such security incidents from expanding. Once a user information security incident (leakage, loss, etc.) occurs, we will promptly inform you in accordance with the requirements of laws and regulations: the basic situation and possible impact of the security incident, the disposal measures we have taken or will take, and you are free to make suggestions to prevent and reduce risks, remedial measures for you, etc. We will promptly inform you about the incident in the form of push notifications, emails, letters, text messages, etc. If it is difficult to inform you one by one, we will take a reasonable and effective way to make announcements. At the same time, we will also report the handling of user information security incidents in accordance with the requirements of relevant regulatory authorities.

- We would like to remind you in particular that the personal information protection measures provided in this privacy policy are only applicable to Cast Screen Treasure software and related services. Once you leave the Cast Screen Treasure and related services, browse or use other websites, services and content resources, we have no ability and obligation to protect any personal information you submit in the software and website other than Cast Screen Treasure software and related services, regardless of whether you log in, browse or use the above-mentioned software or website is based on the link or guidance of Cast Screen Bao.

5. How do we share, transfer, and publicly disclose your personal information

(1) Sharing

We will not share your personal information with any other companies, organizations or individuals, except in the following cases:

- Sharing with explicit consent: After obtaining your explicit consent, we will share your personal information with other parties.

- We may share your personal information with external parties in accordance with laws and regulations, or mandatory requirements of government authorities.

- Sharing with our affiliated companies: Your personal information may be shared with our affiliated companies. We will only share necessary personal information and are bound by the purpose stated in this privacy policy. If the affiliated company wants to change the purpose of processing personal information, it will again seek your authorization and consent.

- Sharing with authorized partners: only to achieve the purpose stated in this privacy policy, some of our services will be provided by authorized partners. We may share some of your personal information with our partners to provide better customer service and user experience. For example, companies we hire to provide third-party data statistics and analysis services may need to collect and access personal data for data statistics and analysis. In this case, these companies must comply with our data privacy and security requirements. We will only share your personal information for legal,

legitimate, necessary, specific, and clear purposes, and will only share personal information necessary to provide services.

- We will carefully evaluate the purpose of third parties' use of shared information, conduct a comprehensive assessment of the security capabilities of these partners, and require them to follow the cooperation legal agreement. We will conduct strict security monitoring on the software tool development kit (SDK) and application program interface (API) used by the partners to obtain information to protect data security. To

(2) Transfer

We will not transfer your personal information to any company, organization or individual, except in the following cases:

- Transfer with explicit consent: After obtaining your explicit consent, we will transfer your personal information to other parties;
- When it involves a merger, acquisition or bankruptcy liquidation, if it involves the transfer of personal information, we will require the new company or organization that holds your personal information to continue to be bound by this privacy policy, otherwise we will require the company, The organization re-seeks authorization and consent from you.

(3) Public disclosure

We will only publicly disclose your personal information under the following circumstances:

- After obtaining your explicit consent;
- Disclosure based on law: We may publicly disclose your personal information when required by law, legal procedures, litigation, or compulsory government authorities.

6. Your rights

In accordance with relevant Chinese laws, regulations, and standards, as well as common practices in other countries and regions, we guarantee that you exercise the following rights with respect to your personal information:

(1) Management and withdrawal of authorization and consent

You can change the authorization agreement to the screencast treasure at any time in the system settings. After you withdraw your consent, we will no longer process the corresponding personal information. However, your decision to withdraw your consent will not affect the previous processing of personal information based on your authorization.
